WORK EXPERIENCE (2)

Feb 2022 - Oct 2023

Web Developer at Prehnit & 3B Infra

📍 **Zagreb, Croatia**

Full-stack developer working on GIS-focused web applications and mobile development. Split time between internal projects at Prehnit and client work for 3B Infra's railway infrastructure management platform.

- Led development of municipal waste management application, managing team and client communication
- Developed GIS-focused web applications using React.js/TypeScript and Django
- Served as primary developer for cross-border cyclist mobile app, handling full project lifecycle from design to store deployment
- Maintained and enhanced React Native mobile application for railway infrastructure management

Nov 2015 - Dec 2019

Environmental Consultant at Ires Ekologija d.o.o

📍 **Zagreb, Croatia**

Environmental consultant specializing in impact assessments with focus on water resources and geodiversity. Used GIS tools for spatial analysis and visualization of environmental data.

- Conducted environmental and strategic impact assessments for various development projects
- Led internal GIS training programs and implemented GIS solutions for environmental analysis
